<u>.</u>	06/29/08 00:00 CST		68K	Flash Flood (due to Heavy Rain)
	06/29/08 03:00 CST		0	Source: Emergency Manager

The Deaf Smith County Emergency Manager reported that Park Avenue in Hereford was closed between U.S. Highway 385 and U.S. Highway 60.

Also...water was reported in a few homes in the San Jose Community just south of Hereford. Water was four feet deep over Farm to Market Road 1055 about one mile south of Hereford. No injuries were reported.

Slow moving severe thunderstorms produced hail and very heavy rainfall which resulted in flash flooding over the extreme western and southwestern Texas Panhandle during the late evening and early morning hours. Some homes were damaged by high water in the southwest Texas Panhandle...however no injuries were reported.
