	09/30/21 23:59 CST		0		
Soil moisture was reported to be very short across portions of the Oklahoma Panhand Severe Drought (D2) in September. This cr	le and portions of the southeast	Texas Panhandle,	were upgraded ar	nd classified as having	

TEXAS, North Panhandle

(TX-Z013) CARSON, (TX-Z020) COLLINGSWORTH					
	09/21/21 12:00 CST	0	Drought		
	09/30/21 23:59 CST	0			

Soil moisture was reported to be very short to short for much of the combined Panhandles. The areas of very short soil moisture across portions of the Oklahoma Panhandle and portions of the southeast Texas Panhandle, were upgraded and classified as having Severe Drought (D2) in September. This created concerns with finishing summer crops and planting winter wheat.

ARMSTRONG COUNTY 15.2 SSE GOODNIGHT [34.82, -101.12]						
09/27/21 22:39 CST	0	Thunderstorm Wind (MG 52 kt)				
09/27/21 22:39 CST	0	Source: Mesonet				

A microburst/heat burst process from anvil rainfall associated with weak storms in the area led to an isolated severe wind gust.
