This 'n' That

THE TORNADO did SOME good. Without electricity, it automatically defrosted a number of older refrigerators.

RE THE HUNDREDS of volunteer workers from out of town, including a number of nearby Amishmen, who gave wholly of their services in the stupendous clean-up job, with no thought of compensation for the work they did, Oelwein feels in its heart the gratitude that it is impossible adequately to express in words. Again, from our hearts we say "Thank you!"

AS AN ESSENTIAL requisite toward discussions for de-escalation of the war in Viet Nam, Hanoi has the audacity to demand that we desist from all bombing in the north, while they intensify their effort to knock hell out of us in the south. Like demanding that we lay our heads on the chopping block, while they wield the axe!

IF WE COULD get our militantly destructive Negroes, and tornadoes, to go along with us, and turn 'em loose against Ho Chi Minh, betcha Ho'd say "Uncle" in a hurry!

U.S. TREASURY balance of May 6 less than 8 billion. A year ago, better than 9 1/2 billion. Some years ago more than 22 billion. Much paper money in circulation, comparatively little precious metal behind it to back up and maintain its value. Have we read somewhere about "handwriting on the wall"?

HAD A LARGE, thick hunk of hamburger in the restaurant the other day, crisp on the outside, a little pink in the middle, with a slice of raw onion. Gr-r-r, yum, yum! . . . Attempted to imitate a growling beast, and told the waitress, "That'll put hair on your chest!" She soberly replied that she wasn't altogether sure that that was exactly what she desired!

IF THE "PEACE" negotiators from both sides at Paris were exposed to having THEIR arms, legs and heads blasted off, and their eyes and intestines shot out, peace would probably be restored in a hurry!

YOU'VE ADVANCED well beyond your youthful daze, Bub, if you can remember when Paris Garters for Men were widely advertised.

YEP, IT'S HAPPENING, and was a foregone conclusion. Inter-marriage is bound to follow integration . . . scarcely seated comfortably in his six year tenure of office, U. S. Senator Brooke's daughter crosses the color line to wed a young white man . . . give us another 192 years and our race problems shall be solved . . . we'll be a nation of Mulattos, neither White nor Black!

MONEY'S GETTIN' tight. My pension check didn't stretch to May 1st, and Floyd, proprietor of Floyd's Cafe, was reluctant to loan me some money so I could eat at the White Spot, The New Home and elsewhere!

HAZLETON HAS become a desirable residential suburb of Oelwein - first a modern sewer system, and now mercury-vapor street lights. Hey Sam, how 'bout annexing it?

TRY THE NEW slot machine in the lobby of the Post Office (written B.T., before tornado) . . . 4 six cent stamps and one cent change for a quarter, all players guaranteed to break even by the U.S. government; better on an average than Reno or Las Vegas . . . M. S.
