LET'S HAVE A CAMEL! says Mel Ott, heavy-hitting outfielder of the New York Giants, his team mate, Harold Schrammer, an pitcher... of a Camel fan himself as you well see. They agree that Camels have real mildness. Mel says: "I smoke all I want, but have it good condition. Camels are so mild, they never get any habit or bother my nerves." And Hal adds: "To my mind that settles it! A Camel is the cigarette with real mildness. It's the best!"

In baseball, and in all the strenuous sports, smoking nothing else but the fact that Camels are mild... Camels never suffer their nerves or get their wind. And so on this impressive evidence of Camel's mildness is added the experience of business men, house-wives, farmers, and sportsmen who have testified in every walk of life who wish to smoke freely and keep fit. They say "Camels are mild. You can smoke all you want!"

SO MILD! YOU CAN SMOKE ALL YOU WANT!

SMOKING IS JUST AS PLEASANT WITH CAMELS AS IT IS WITH ANY OTHER CIGARETTE.

I PICKED UP A CAMEL AND AGED THEM WITH A FLAVOR WITH THEM APART AND THEY ARE NOW MY FAVORITE I NEVER INHALATE MY SMOKE!

I NEED TO KEEP IN GOOD HEALTH AND I WANT TO ENJOY MY CIGARETTES. I DON'T WANT TO SMOKE CAMELS, BUT THEY ARE THE ONLY CIGARETTES I CAN ENJOY WITH A CAMEL!

IF SHEETS COULD TALK, they'd say, "and so in the Evans Lounge." An Evans insulated shirt is the "top" in cleanliness, softness and color comfort. But the slight amount of stretching in a expert process makes them hold their appearance longer, too. Such perfection is a real bargain—only for men who want with any really good bundle.
