

Parish & County Impacts Associated with Tropical Storm Edouard

Narratives listed in order by parishes & counties.

Updates:

- 09/08/2026 - Initial issuance.

Parish Name Cameron	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0
The only impact for Cameron Parish was surge water over sections of Highway 82. The new power infrastructure held up and mitigated any power outages.			

Parish Name Vermilion	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Iberia	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Saint Mary	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Lower Saint Martin	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Upper Saint Martin	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Lafayette	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Acadia	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Jefferson Davis	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Calcasieu	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Beauregard	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Allen	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Evangeline	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Saint Landry	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Avoyelles	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Rapides	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

Parish Name Vernon	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0

County Name Jefferson	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0
Tropical storm force winds downed trees in widespread fashion across much of the county. 15 homes were damaged by fallen trees while 60,000 customers were out of power.			

County Name Orange	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: [0
Tropical storm force winds downed several trees into power lines across Orange County. This resulted in roughly 15,000 power outages.			

County Name Orange	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: [0

County Name Hardin	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0
Tropical storm force winds created widespread tree damage across much of the eastern two thirds of Hardin County. 25,362 customers were without power due to trees falling on power lines. Two homes sustained damage from fallen trees. These wind impacts were followed by 20 to 35 inches of rain that fell due to the remnants of Edouard stalling out over southeast Texas. Dry antecedent conditions helped mitigate impacts from flooding as only three homes throughout the county had water in them. Roughly 12 roads were impassable and closed due to flooding while five of these roads received damage. One swift water rescue took place at a residence that flooded.			

County Name Tyler	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0
Tropical storm force winds downed numerous trees into power lines across Tyler County. Roughly 10,000 customers were without power from the downed trees while 2 homes were damaged from fallen trees. Flooding caused six roads to become closed or impassable.			

County Name Jasper	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0
Impacts from Tropical Storm Edouard were minimal in Jasper County. A few trees fell on power lines causing roughly 2000 power outages.			

County Name Newton	Injuries: 0	Fatalities: 0 direct 0 indirect	Evacuations: 0
Gusty winds caused roughly 150 power outages across the county.
