Departure from Normal Temperature (F) 9/1/2025 - 9/30/2025

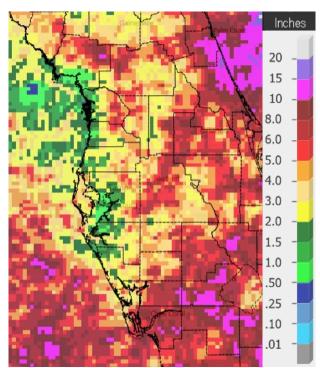

Graphics Source: NOAA Regional Climate Centers

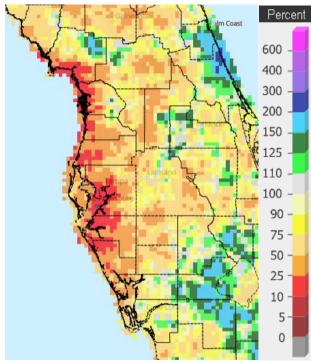

As for rainfall, a few small areas saw above normal amounts (green/blue areas on right image below the table), but most of the region was below normal (orange/red areas on right image below the table). These low rainfall amounts put some locations in the Top Ten Driest for September, with Tampa setting a new record for least amount of rain during any September since records began in 1890.

#### SEPTEMBER RAINFALL (inches):

	Ç	September	2025	Normal	Dep fm	Records
