### ARKANSAS, Northwest

#### Sebastian County

Greenwood	06	1427CST			0	0			Hail(0.88)
-----------	----	---------	--	--	---	---	--	--	------------

#### Franklin County

Ozark	06	1508CST			0	0			Hail(0.88)
-------	----	---------	--	--	---	---	--	--	------------

#### ARZ010

#### Washington

16		0845CST 1300CST			0	0	100K		High Wind (EG52)
----	--	--------------------	--	--	---	---	------	--	------------------

Strong non-thunderstorm winds blew across Washington county from mid morning to the early in the afternoon on the 16th. Average wind speeds at Drake Field near Fayetteville approached 40 miles an hour while wind gusts exceeded 50 miles an hour at times. These high winds produced significant damage.

In Lincoln, the wind blew parts of the roofs off a hair salon, a flower shop and a branch of the state revenue office. In Fayetteville, part of the roof was blown off a jewelry shop.

#### Crawford County

Kibler	19	2103CST			0	0			Hail(1.75)
--------	----	---------	--	--	---	---	--	--	------------

#### Sebastian County

5 N Bonanza	19	2115CST			0	0			Hail(0.75)
-------------	----	---------	--	--	---	---	--	--	------------

#### Madison County

Huntsville	19	2125CST			0	0			Thunderstorm Wind (EG52)
------------	----	---------	--	--	---	---	--	--	--------------------------

Thunderstorm winds estimated at 60 miles an hour blew down several trees.

## Storm Data and Unusual Weather Phenomena

April 2003

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Number of Persons Killed	Number of Persons Injured	Estimated Damage Property	Estimated Damage Crops	Character of Storm
----------	------	----------------------------	---------------------------	--------------------------	--------------------------------	---------------------------------	---------------------------------	------------------------------	--------------------

### OKLAHOMA, Eastern

county 1 mile north of Wann or 6.8 miles east northeast of Copan. The tornado produced F2 damage and a half mile wide damage path at its peak. 41 homes, two businesses and 40 barns and sheds were damaged. 16 of the homes were severely damaged including two mobile homes which were completely destroyed. Three people were treated at an emergency room of a hospital in Bartlesville due to injuries received during the tornado. Two of those people were inhabitants of one of the mobile homes that was destroyed.

#### **Nowata County**

<b>1 N Wann to 7 WSW South Coffeyville</b>	19	1726CST 1730CST	3	200	0	0	150K		<b>Tornado (F1)</b>
--	----	--------------------	---	-----	---	---	------	--	---------------------

A F1 tornado entered Nowata county from Washington county one mile north of Wann. The tornado traveled east northeast three miles producing damage to barns, sheds, and power poles and power lines before lifting 8 miles west southwest of South Coffeyville. The electrical service was interrupted for up to 8 hours in the northwest part of Nowata county and adjacent parts of Washington county.

#### **Pittsburg County**

<b>10 E Scipio</b>	19	1801CST			0	0			<b>Hail(0.75)</b>
--------------------	----	---------	--	--	---	---	--	--	-------------------

<b>Indianola</b>	19	1807CST			0	0			<b>Hail(1.00)</b>
------------------	----	---------	--	--	---	---	--	--	-------------------

#### **Pittsburg County**

<b>3 E Crowder to 4 E Crowder</b>	19	1825CST 1827CST	1	50	0	0	50K		<b>Tornado (F0)</b>
---------------------------------------	----	--------------------	---	----	---	---	-----	--	---------------------

A brief tornado occurred in rural areas to the east of Crowder. A homestead received substantial damage from this tornado. Three sheds, including a 100 foot cattle shed were destroyed. Shingles were blown off a house and a tin roof was blown off a barn. A series of supercells crossed southeast Oklahoma on this afternoon. Numerous other tornado reports were received during the event, but further investigation led to the conclusion that most of these reports were funnel-shaped scu.
