#### Washington County

Countywide	22 24	1945CST 1700CST			0	0	7M		<b>Flash Flood</b>
------------	----------	--------------------	--	--	---	---	----	--	--------------------

Several rounds of thunderstorms pelted Washington county during the April 20s. For the 72 hour period ending a 7 am cdt Fayetteville and Prairie Grove has 7.41 and 7.33 inches of rain respectively. This heavy rain caused rounds of flash flooding from the evening of April 22nd to the daytime hours of April 24th. Numerous county roads were flooded and damaged during that time span. Damage to the roads was estimated to be in excess of \$6 million. Roads were not the only things damaged. A train track near Greenland was washed out. Several 40 foot metal shipping containers were washed into the Illinois river near Hogeeye. As many as 40 to 50 homes sustained damage. Many of those homes were in the Goshen and Elkins areas. On April 25th, the governor of Arkansas declared the county a disaster area.

#### Franklin County

Countywide	22 24	2230CST 1700CST			0	0	250K		<b>Flash Flood</b>
------------	----------	--------------------	--	--	---	---	------	--	--------------------

Thunderstorms with heavy rain moved repeatedly over Franklin county during the April 20s. This caused several rounds of flash flooding. Numerous county roads were flooded at one time or another. Some more notable highways that were closed were Highway 23 2 miles south of Cass and Highway 219 7 miles north of Ozark. Damage to roads was estimated to be in excess of \$100,000. In addition to the flooded roads as many as 12 to 15 homes received damage from the flood waters. On April 25th, the governor of Arkansas declared the county a disaster area.

#### Madison County

Countywide	22 24	2300CST 1700CST			2	0	200K		<b>Flash Flood</b>
------------	----------	--------------------	--	--	---	---	------	--	--------------------

Several rounds of thunderstorms during the April 20s caused periodic flash flooding over much of Madison County. For the 72 hour period ending 7 am cdt April 24, Huntsville and St. Paul received 6.57 and 6.35 inches of rain respectively. Numerous roads were flooded and as much as \$100,000 damage was done to them. Some homes in the Witter area were also flooded. However; the most major event occurred around 645 am cdt on the 24th. A pickup truck containing 4 occupants stalled in high water over a bridge crossing Hock Creek 5 miles southwest of Huntsville. A 3 year old girl and a 2 year old boy were swept away in the flood waters
