ARKANSAS, Northwest

ARZ010>011			Washington - Madison						
	02	0030CST 1100CST			0	0			Heavy Snow

An upper level system began moving northeast out of the southern Rockies during the day on February 1st. Rain began in southeast Oklahoma during the day and transitioned to or mixed with snow during the evening. Snow fell across much of northeast Oklahoma and Northwest Arkansas during the early morning hours on the 2nd. Temperatures were generally near or 3-4 degrees above freezing which limited the snow accumulations. Higher terrain in far Northwest Arkansas did receive heavy snow. 5.5 inches of snow was the greatest accumulation and was located at Forum in Madison County. This was closely followed by 5.0 inches of snow in Japton in Madison County and 5.0 inches near West Fork in Washington County.

Washington County

1 SE Winslow	21	0155CST			0	0	1K		Thunderstorm Wind (EG61)
--------------	----	---------	--	--	---	---	----	--	---------------------------------

Thunderstorm winds estimated at 70 miles an hour blew down large tree limbs and peeled several shingles off the roof of a home.
