

Storm Data and Unusual Weather Phenomena - February 2014

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
----------	-----------	-------------------	---------------------	------------------------

ARKANSAS, Northwest

(AR-Z001) BENTON, (AR-Z002) CARROLL, (AR-Z010) WASHINGTON, (AR-Z011) MADISON, (AR-Z019) CRAWFORD, (AR-Z020) FRANKLIN, (AR-Z029) SEBASTIAN

02/02/14 08:00 CST	0	Winter Storm
02/02/14 18:30 CST	0	

A strong upper level disturbance moved into the Southern Plains from the southwest on February 2nd. Arctic air was already in place across northwestern Arkansas ahead of this system. Precipitation developed during the morning hours and continued into the late afternoon and evening hours. Some light freezing rain fell across portions of west central Arkansas early in the event, otherwise the precipitation fell as snow across the area. Four to six inches of snow occurred across much of northwestern Arkansas during this event. Roads were snow and ice covered, resulting in numerous automobile accidents.

(AR-Z019) CRAWFORD

02/14/14 13:00 CST	25K	Wildfire
02/14/14 18:00 CST	0	

Dry and breezy conditions contributed to the spread of a wildfire that burned about 40 acres near Alma in Crawford County. The fire damaged a mobile home.

(AR-Z010) WASHINGTON

02/19/14 17:00 CST	50K	Wildfire
02/19/14 23:00 CST	0	

Dry and breezy conditions contributed to the spread of a wildfire that damaged three homes in the town of Johnson in Washington County.

OKLAHOMA, Eastern

(OK-Z049) PUSHMATAHA, (OK-Z053) CHOCTAW, (OK-Z060) TULSA, (OK-Z065) OKFUSKEE, (OK-Z066) OKMULGEE, (OK-Z067) WAGONER, (OK-Z068) CHEROKEE, (OK-Z069) ADAIR, (OK-Z070) MUSKOGEE, (OK-Z071) MCINTOSH, (OK-Z072) SEQUOYAH, (OK-Z073) PITTSBURG, (OK-Z074) HASKELL, (OK-Z075) LATIMER, (OK-Z076) LE FLORE

02/02/14 05:00 CST	0	Winter Storm
02/02/14 18:00 CST	0	

A strong upper level disturbance moved into the Southern Plains from the southwest on February 2nd. Arctic air was already in place across eastern Oklahoma ahead of this system. Precipitation developed during the morning hours and continued into the late afternoon and evening hours. Light freezing rain and sleet fell across portions of southeastern Oklahoma early in the event, otherwise the precipitation fell as snow across the area. Portions of southeastern Oklahoma received between one half and one and a half inches of sleet with up to two tenths of an inch of ice. Four to seven inches of snow occurred across much of east central and northeastern Oklahoma during this event. Roads were snow and ice covered, resulting in numerous automobile accidents.

(OK-Z054) OSAGE

02/04/14 01:00 CST	0	Winter Storm
02/04/14 12:30 CST	0	

A strong upper level disturbance moved into the Southern Plains from the southwest on February 4th. Arctic air was already in place across the area. Precipitation developed during the early morning hours of the 4th and continued into the midday hours. A mixture of freezing rain, sleet, and snow occurred across the region during this event but fell mostly as snow across Osage County. Four inch snow accumulations occurred across the northwestern portion of the county before the snow changed to freezing drizzle during the afternoon.
