Creek County

East Portion **06** **0300CST**
1500CST **0** **0** **5M** **Flash Flood**

Heavy rains fell across the eastern part of Creek county during the early morning hours of May 6. 6.32 inches of rain was reported at Heyburn Dam and 8.12 inches were measured at Kiefer. The most flood damage was observed in Sapulpa where Rock Creek overflowed its banks. More than 150 homes and 12 businesses were damaged in Sapulpa. An additional 40 homes were evacuated in Kiefer where Childers Creek overflowed in banks. Numerous roads were closed due to the flooding. These roads included the Turner Turnpike between Kellyville and Bristow and Highway 66 south of Kellyville. The damage to roads and bridges in Creek county was estimated at \$300,000.

Osage County

East Portion **06** **0300CST**
0900CST **0** **0** **100K** **Flash Flood**

Heavy rains fell over eastern Osage county during the early morning hours May 6. 2.80 inches fell at Barnsdall with higher amounts likely to the south. Several roads were flooded and a few were closed due to flooding. A few of the highways closed include Highway 11 1 1/2 miles north of Barnsdall and Highway 97 8 miles north of Sand Springs. The flooding likely caused damage to bridges and road in rural eastern Osage county.

Tulsa County

Countywide **06** **0300CST**
1400CST **1** **0** **3M** **Flash Flood**

Heavy rains fell across Tulsa county beginning the evening of May 5 and continuing through the night before ending the morning of May 6. The bulk of the rain fell over the western and southern parts of the county with 6.81 inches at Sand Springs and 5.84 inches at Jenks. Tulsa International Airport recorded 2.83 inches of rain. The most damage due to the flooding occurred in the Meadow Valley subdivision in Sand Springs. 115 homes were flooded in this subdivision as Fisher Creek overflowed. Flood damage was also reported in Jenks, Bixby, Glenpool, south Tulsa and Broken Arrow. Numerous roads and intersections were flooded. A few of the highways which were closed were Highway 75 near Glenpool, Highway 11 at 86th Street North and Highway 51 at 137th West Avenue. Damage to roads, bridges and infrastructure was estimated at \$200,000. In addition to the property damage caused by the flood there was one fatality. Approximately 5 am cdt, a woman was traveling south on Sheridan Avenue in Tulsa between 71st street and 81st street. She drove her car into a stream which was flooding the road. Her car stalled and the water was rising so she got out of the car and was swept away. Her body was found a half mile downstream later that day. F53W

Muskogee County

West Portion	06	0430CST 0630CST			0	0	75K		Flash Flood
--------------	----	--------------------	--	--	---	---	-----	--	--------------------

Heavy rains fell over the western portion of Muskogee County during the early morning hours of May 6. A representative total of 4.5 inches was reported at Haskell. A few businesses in downtown Haskell had water enter them due to street flooding. In rural parts of the county to the south and west of Haskell streams flowed out of their banks causing two bridges and a large tin horn to be washed out.

Okmulgee County

North Portion	06	0500CST 0900CST			0	0	300K		Flash Flood
---------------	----	--------------------	--	--	---	---	------	--	--------------------

Heavy rains fell across northern Okmulgee county during the early morning hours on May 6 with 3.30 inches reported at Beggs. Numerous roads were flooded including Highway 75 11 miles north of Preston. 10 bridges or large tin horns were washed out with several other roads receiving damage

Wagoner County

Countywide	06	0500CST 0900CST			0	0	600K		Flash Flood
------------	----	--------------------	--	--	---	---	------	--	--------------------

Heavy rains fell across Wagoner county during the early morning hours May 6 with the reports of 5 to 6 inches common over the western part of the county. Flooding was widespread across Wagoner county but the most damage occurred in Coweta where Coweta Creek overflowed its banks into the Cottonwood subdivision. 21 homes were flooded in this subdivision. Numerous highways and roads were closed due to the flooding. A few of the highways closed included Highway 16 between Wagoner and Okay, Highway 104 between Porter and Haskell and Highway 72 between Coweta and Haskell. Damage to roads, bridges and other infrastructure across the county were estimated at \$175,000.
