Watts	21	0045CST			0	0			Hail (0.75)
<p>Severe thunderstorms moved across northeast Oklahoma during the evening of October 20th and very early morning of October 21st. Thunderstorm winds gusted to 60 miles an hour and golfball size fell in New Prue, and hail up to golfball size covered the ground in Terlton. Golfball size hail also fell 4 miles east northeast of Skiatook, and dime to nickel size hail fell at several other locations in northeast Oklahoma. The thunderstorms also produced very heavy rainfall which resulted in street flooding in Sand Springs and in the city of Tulsa.</p>
