Craig County, NR White Oak	11	2000CST- 2030CST	0	0		Flash Flood

Severe thunderstorms developed along a cold front in extreme northeast Oklahoma during the early evening of July 11th. Thunderstorm winds in Pawhuska gusted to 60 miles an hour at 1819 CST, and to 60 to 70 miles an hour from 1838 CST to 1844 CST. The strong winds overturned a mobile home in Pawhuska and also damaged the roof of the Pawhuska Fire Department, but no injuries occurred in Pawhuska. Dime size hail also fell at Pawhuska. Large hail also occurred in Washington and Nowata Counties, with golfball size hail on the south side of Bartlesville and dime size hail at Delaware. The thunderstorms also produced heavy rainfall which resulted in flash flooding. Heavy street flooding occurred in downtown Pawhuska, and roadways north of Pawhuska were covered by up to 2 feet of water. State Highway 10 east of Wann was covered by high water, as were several roads near White Oak. Street flooding occurred in Bartlesville.

Pawnee County, Pawnee	18	1900CST	0	0		TSTM Wind
--------------------------	----	---------	---	---	--	-----------

An isolated severe thunderstorm during the early evening of July 18th produced strong winds which downed power lines on the east side of the town of Pawnee.

Craig County, Vinita	20	1710CST	0	0	3	TSTM Wind
Mayes County, 2 N Pensacola	20	1753CST	0	0		Hail (0.75)

Isolated severe thunderstorms developed in northeast Oklahoma during the late afternoon of July 20th. Strong thunderstorm winds caused damage to a trailer home in Vinita, and dime size hail fell 2 miles north of Pensacola.

Wagoner County, NR Oneta	25	1700CST	0	0	3	TSTM Wind
-----------------------------	----	---------	---	---	---	-----------

An isolated severe thunderstorm during the late afternoon of July 25th produced strong winds which damaged the roof of a mobile home near Oneta. One tree and several tree limbs were also blown down in the same area.
